How can Stuart provide value to your audience

Areas of Expertise

- Building & selling SaaS businesses
- Finding customers through strategic partnerships
- Bootstrapped entrepreneurship
- Finding product-market fit
- Software business ownership

Potential topics of discussion

- How to go from full-time employee to SaaS owner
- Acquire vs. build: which path creates wealth faster?
- How to create an irresistible offer customer actually buy
- How to grow a startup without raising venture capital

Stuart's bio & back story

Stuart Fought is the founder of MiniHorse™, a company that creates Ready-to-Scale™ software businesses for aspiring entrepreneurs.

Having built and sold multiple SaaS companies throughout his career, Stuart is passionate about helping first-time founders shortcut years of trial and error on their journey to becoming software business owners.

Stuart lives in Southern California with his wife Emily and their four kids: Wes, Summer, Coast, and Cruz.
